

## E-learning

Course no.	Objective	Participants/Prerequisite	Duration
CVP/OE	This course is designed to provide participants knowledge of the operation and functions of the Centum VP system.	<ul style="list-style-type: none"> <li>• Participants should preferably have basics knowledge on process measurement and control.</li> <li>• Centum VP Operators who must operate and monitor Centum VP System</li> <li>• Centum VP Engineering and Maintenance Engineer need to participate in this course for understanding and know Centum VP operation and monitoring procedure before participating CENTUM VP Engineering and Maintenance course</li> </ul>	30 Days
CVP/ME	This course is designed to give participants knowledge and understanding of how-to available maintenance the hardware and software of the Centum VP system. By the end of this course, The participants will be able to perform front-end maintenance of the Centum VP system.	<ul style="list-style-type: none"> <li>• For Centum VP engineers and technicians who need to perform maintenance on the Centum VP system.</li> </ul>	20 Days
CVP/EE	<p>This course enables participants to learn to perform generation of CENTUM VP Regulatory Control Functions, Sequence</p> <p>Control Functions, Human Interface Station Windows by using the System Viewer in the HIS with Engineering packages.</p>	<ul style="list-style-type: none"> <li>• For engineers involve in software generation or modification on the CENTUM VP system.</li> </ul>	30 Days
CAMS/OE	This course is designed to give participants the fundamental knowledge on the operation and functions of the CENTUM VP CAMS system.	<ul style="list-style-type: none"> <li>• Centum VP Operators who must operate and monitor Centum VP System with CAMS for HIS enabler.</li> </ul>	15 Days

## E-Learning

Instructors provide VDO on IAEC website for self-learning by customer.

### Yokogawa provide :

- CENTUM VP course VDO on IAEC website for self-learning by customer
- VM ware on public cloud
- CENTUM VP software
- Training documentation

### Customer preparation :

- PC or Laptop that can connect to internet for access to VDO on IAEC website
